There is a missing term related to the a_3 coefficient in Eq. (A3) in the Appendix of the paper. The correct equation reads

$$K = K_0 \frac{(a_1 - a_2)^2 + (a_2 - a_3)^2 + (a_1^2 + a_3^2)|1 - e^{-i\theta}|}{a_1^2 + a_2^2 + a_3^2}. \quad (\text{A3})$$

This misprint does not affect any of the results, discussion, or conclusions of the paper.
