This paper was published online on 28 April 2017 with errors in Eq. (D2). Equation (D2) should read as

$$d\hat{\rho}_c(t) = -i[\hat{H}_{\text{atom}}, \hat{\rho}_c]dt + \frac{\gamma_m}{2}(2\hat{c}_m\hat{\rho}_c\hat{c}_m^\dagger - \hat{c}_m^\dagger\hat{c}_m\hat{\rho}_c - \hat{\rho}_c\hat{c}_m^\dagger\hat{c}_m)dt \\ + \sqrt{\gamma_m}[(\hat{c}_m - \langle\hat{c}_m\rangle_c)\hat{\rho}_c + \hat{\rho}_c(\hat{c}_m^\dagger - \langle\hat{c}_m^\dagger\rangle_c)]dW + \sum_s \frac{\gamma_s}{2}(2\hat{c}_s\hat{\rho}_c\hat{c}_s^\dagger - \hat{c}_s^\dagger\hat{c}_s\hat{\rho}_c - \hat{\rho}_c\hat{c}_s^\dagger\hat{c}_s)dt \quad (\text{D2})$$

The equation has been corrected as of 2 May 2017. The equation is correct in the printed version of the journal.
