Erratum: Role of intermediate-range order in predicting the fragility of network-forming liquids near the rigidity transition [Phys. Rev. B **87, 054202 (2013)]**

D. L. Sidebottom and S. E. Schnell

(Received 29 July 2019; published 13 August 2019)

DOI: [10.1103/PhysRevB.100.089902](https://doi.org/10.1103/PhysRevB.100.089902)

At the time of publication, we were unaware of earlier work by Nemilov [[1](#),[2](#)] whose early suggestion that fragility might be correlated with average bond connectivity is relevant to the topic of our paper.
