This paper was published online on 22 January 2014 with a typographical error in an inline equation on page 2. On page 2, the fifth line under Eq. (8) should read as “the negative refraction condition $\mu_{xx} > 0$, $\mu_{zz} < 0$ by $\text{Re}(\mu_{xx}) > 0$, $\text{Re}(\mu_{zz}) < 0$, which occurs. . . .” The paper has been corrected as of 27 January 2014. The inline equation is correct in the printed version of the journal.
