This paper was published online on 30 November 2015 with errors in Table III and some text on pages 8 and 9. The four entries in the first column of Table III should have read as

$$\begin{array}{l} A_x G_y C_z \\ F_x C_y G_z \\ G_x A_y F_z \\ C_x F_y A_z \end{array}$$

The last entry in the last column of Table III should read as “ $\alpha_{xx}, \alpha_{yy}, \alpha_{zz}$.” On page 8, right-hand column, lines seven and eight in the last paragraph should read as “reorientation from $G_x A_y F_z$ to $F_x G_y C_z$ around 480 K. Moreover, $F_x G_y C_z$ is reported to induce ferroelectricity into the . . .” On page 9, the first line of the left-hand paragraph should read as “ $G_x A_y F_z$ to $F_x G_y C_z$ spin reorientation], which strengthens our . . .” The Table and text have been corrected as of 17 December 2015. The Table and text are incorrect in the printed version of the journal.
