This paper was published online on 18 July 2016 with an error in Eq. (3). Equation (3) should read as

$$g_{xz} = 0.39 - C_1 \frac{\langle p_x^2 \rangle}{\langle p_z^2 \rangle} - C_2 \frac{\langle p_y^2 \rangle}{\langle p_z^2 \rangle} - C_3 \frac{\langle p_x^2 \rangle - \langle p_y^2 \rangle}{\langle p_z^2 \rangle}$$

The equation has been corrected as of 19 August 2016. The equation is incorrect in the printed version of the journal.
