This paper was published online on 24 July 2017 with typographical errors in Eqs. (9) and (12), and in the text on page 3. Equation (9) should read as

$$N = \sqrt{\frac{2}{\pi}} \frac{8}{(L_x L_y)^{1/2} L_z} \left(\frac{1}{a^2} + \frac{a}{2} \sum_{i=x,y} \frac{1}{(a^2 + k_i^2)^{3/2}} + \frac{a}{4} \frac{1}{(a^2 + k_x^2 + k_y^2)^{3/2}} \right)^{-1/2}.$$

Equation (12) should read as

$$S_{eh}^2 = N^2 \left(\frac{L_x}{2} \right)^2 \left(\frac{L_y}{2} \right)^2 \left(\frac{L_z}{2} \right)^2.$$

On page 3, right-hand column, the second line should read as “element, and $S_{eh}^2 = |\langle \Psi | \delta_{r_e, r_h} | 0 \rangle|^2$ the electron-hole (envelope function) overlap.” The paper has been corrected as of 8 September 2017. The equations and text are incorrect in the printed version of the journal.
