**Erratum: Comparison of strangeness production between $A+A$ and $p+p$ reactions
from 2 to 160 A GeV
[Phys. Rev. C 61, 031901(R) (2000)]**

Our paper should have cited the work of Gazdzicki and Roehrich [1]. Our paper extends their two works, which should have been properly cited. We acknowledge Gazdzicki *et al.* for pointing out this omission.

Our explanation of the observed strangeness enhancement is an alternative to the one proposed in the papers cited above.
