(Received 17 April 2018; published 14 May 2018)

DOI: [10.1103/PhysRevC.97.059902](https://doi.org/10.1103/PhysRevC.97.059902)

In Fig. 2 of the original article the units of the x axis should be ≈ 24 ms (not ≈ 2.4 ms as incorrectly given). The complete Fig. 2 is reprinted here. The results and conclusions of the original article are not affected.

We thank Dr. T. Dickel for bringing the discrepancy in the units to our attention.

FIG. 2. Time-of-flight (ToF) spectrum of ^{101}Sr and ^{101}Rb after 1000 revolutions inside the multireflection-ToF mass spectrometer.
