A sentence near the top of the second column on p. 1 should read:

In the decomposition of $\mathcal{V}$, the irreps of $\text{Sp}(2\Omega)$ have Young frames with, at most, k columns, and the irreps of $\text{Sp}(2k)$ have Young frames with, at most, Ω columns.

Specifically, the last word should read “columns” (not “rows”). The discussion in the article is based on the correct description as provided here.
