DOI: [10.1103/PhysRevD.100.039902](https://doi.org/10.1103/PhysRevD.100.039902)

We correct some typographical errors in two equations and a table of the paper. These corrections do not affect any of our results and conclusions.

(1) The corrected Lagrangian is [Eq. (48)]

$$-\mathcal{L} = \dots + y_2(\bar{D}_{e_L}\psi_1 + \omega^2\bar{D}_{\mu_L}\psi_2 + \omega\bar{D}_{\tau_L}\psi_3)_{\underline{1}''}\tau_{R_{1'}} + y_3(\bar{D}_{e_L}\psi_1 + \omega\bar{D}_{\mu_L}\psi_2 + \omega^2\bar{D}_{\tau_L}\psi_3)_{\underline{1}'}\mu_{R_{1''}} + \dots$$

Here, the ellipses indicate other terms of the Lagrangian which remain unchanged.

(2) The matrix in Eq. (55) should read

$$M_\nu = \begin{pmatrix} 0 & 0 & \Delta \\ 0 & \Delta - c & c \\ \Delta & c & -c \end{pmatrix}.$$

(3) The following corrections are needed in Table II:

Fields	D_{l_L}	l_R	ν_R	ψ	φ	Δ
$SU(2)_L$	2	1	1	2	2	3
A_4	3	1, $1''$, $1'$	1	3	3	$1'$
Z_2	1	1	-1	1	-1	1

Here, the entries in bold indicate the corrections.
