**Erratum: Nonlinear causality of general first-order
relativistic viscous hydrodynamics

An additional condition for causality was missing in this paper. The condition below must be added in Eqs. (7), namely,

$$2\lambda\chi_1 \geq c_s^2\lambda\chi_2 + \lambda\chi_3 + \chi_2\chi_3 - \chi_1\left(\chi_4 - \frac{4}{3}\eta\right).$$

Furthermore, a correction is needed in the special case when $c_s = 0$. The correct Eq. (11a) is

$$\lambda\chi_1 \geq \lambda\chi_3 + \chi_2\chi_3 + \chi_1\left(\frac{4\eta}{3} - \chi_4\right) \geq 0. \quad (1)$$

These corrections do not affect the conclusions of the paper.
