In Sec. II, there was an erratum in Eq. (14).
 Equation (14) must be modified to

$$\xi_f = -\frac{\mu'_f}{\mu_f} \left(\text{Tr}[\langle \hat{Y}_f \rangle] + \frac{\lambda'_f}{\mu'_f} \text{Tr}[\langle \Phi_f \rangle \langle \bar{\Phi}_f \rangle] \right) = -\frac{\lambda'_f}{\mu_f} \cdot \frac{1 - \mu'_f \lambda_f / (\mu_f \lambda'_f)}{1 + 3\mu'_f / \mu_f} \text{Tr}[\langle \Phi_f \rangle \langle \bar{\Phi}_f \rangle]. \quad (14)$$

This modification does not affect the other results and conclusions because correct calculations have already been done in the paper.
