This paper was published online on 26 February 2016 with an error in Eq. (1). Equation (1) should read as $\ddot{x}^a = \frac{e}{m}(F^a{}_b + \tau \dot{x}^c \partial_c F^a{}_b) \dot{x}^b + \tau \frac{e^2}{m^2} \Delta^a{}_b F^b{}_c F^c{}_d \dot{x}^d$. The equation has been corrected as of 15 April 2016. The equation is incorrect in the printed version of the journal.
