A typographical error was discovered in Eq. (C7) of our paper. The correct equation is given by

$$\frac{dy}{dr} = -\frac{y^2}{r} - \frac{r + 4\pi r^3(p - \epsilon)}{r(r - 2m)}y + \frac{4(m + 4\pi r^3 p)^2}{r(r - 2m)^2} + \frac{6}{r - 2m} - \frac{4\pi r^2}{r - 2m} \left[5\epsilon + 9p + \frac{(\epsilon + p)^2}{p\Gamma} \right].$$

The numerical work in our paper was carried out with the version of this equation given in Eq. (C10) of our paper, which is correct as printed. None of the numerical results reported in our paper are affected by this error.

We thank Arunava Mukherjee for pointing out this error to us.
