There is an incorrect matrix γ^0 multiplying the right-hand side of Eq. (3.15). The corrected Eq. (3.15) should read

$$\begin{aligned}\mathcal{F}_k = & i[\partial_k \Xi - 2\partial^l \psi_{kl} + \partial_k \psi \\ & + \gamma_k \gamma^l \partial_l \Xi + 2\gamma^l \gamma^m \partial_l \psi_{km} \\ & - \gamma_k \gamma^l \partial_l \psi + 2\gamma_k \gamma^l \partial^m \psi_{lm}].\end{aligned}\tag{3.15}$$

This misprint has no incidence on the analysis of the paper and on its conclusions.
