In this paper, Eq. (10) reports the first line of Eq. (5) in Ref. [1]. However, the equation has been reported with inexact energy units. The correct expression, which matches the one in [1], is

$$\sigma_{\text{in}}(s) = \sigma_0 \left[1 - 0.62 e^{-\frac{E_{\text{inc}}(s)}{200}} \sin \left(\frac{10.9}{E_{\text{inc}}^{0.28}(s)} \right) \right],$$

where the kinetic energy E is in MeV. Also, an extra 0 had been mistyped in Table II as the first decimal digit in entry D_4 . The entry should read 0.510 instead of 0.0501. The corrected table follows:

D_1 (error)	D_2 (error)	D_3 (error)	D_4 (error)	D_5 (error)	D_6 (error)	D_7 (error)
4.22(0.66)	3.435(0.016)	0.0067(0.0014)	0.510(0.050)	3.609(0.021)	0.0209(0.0010)	3.086(0.083)

None of the typos affect the results reported in this paper. We thank R. H. Bernstein for spotting the two typos.
