This paper contains misprints. On p. 3, in the line following Eq. (2), in group $\frac{\eta R}{\gamma}$, a factor of $\sqrt{2}$ was lost. Group $\eta R/\gamma$ should read as $\sqrt{2}\eta R/\gamma$. On p. 4, left column, a factor of $\sqrt{2}$ was lost, time τ_R in the seventh line of the second paragraph should read as $\tau_R = \sqrt{2}\eta R/\gamma$. On p. 4, the caption for Fig. 5 and left column, in the ninth line of the second paragraph, time τ_{RT}^* should read as $\tau_{RT}^* = \sqrt{2}b\eta R/N\gamma_d$. In the caption for Fig. 6, $H(t)/R$ should read as $H(t)R = -2(t/\pi\tau_R)\ln(t/\tau_R)$. These changes have no effect on the rest of the paper. The figures, results, discussion, and conclusions remain valid.
