This paper was published online on 23 September 2016 with errors in Eqs. (4) and (6), and an omission of an email address. Equation (4) should read as

$$\sigma_d(t) = \eta(t)\dot{\epsilon}_d(t), \quad \eta(t) > 0.$$

Equation (6) should read as

$$\sigma_d(t) = [\eta_0 + \theta t]\dot{\epsilon}_d(t), \quad t \geq 0.$$

Vikash Pandey's email address should read as "vikashp@ifi.uio.no". The paper has been corrected as of 3 May 2018. The text and equations are incorrect in the printed version of the journal.
