This Letter was published online on 1 August 2016 with an error in Eq. (9). Equation (9) should read as

$$M^{-1} \approx (M_0 - I\omega)^{-1} - \frac{i\beta e^{i\theta}}{(\omega_1 - \omega)(\omega_2 - \omega)(\omega_{\text{TE}} - \omega)} \begin{pmatrix} 0 & 0 & +(\omega - \omega_p) \\ 0 & 0 & -\kappa \\ -(\omega - \omega_p) & +\kappa & 0 \end{pmatrix}. \quad (9)$$

The equation has been corrected as of 5 August 2016. The equation is incorrect in the printed version of the journal.
