We wish to make some corrections to our Letter:

(1) In Fig. 5 of the Letter, the label of the horizontal axis “ x_3 [ppm]” should be corrected as “ x_3 ”.

(2) Equation (1) in the Supplemental Material should be corrected as “ $x_{3i} = (n_b x_3) [e^{-E_i/k_B T} / (n_b e^{-E_b/k_B T} + n_s e^{-E_s/k_B T})]$ ”.

(3) The text near the end of the Supplemental Material “ $E_s = 0.8$ K” should be corrected as “ $E_s = -0.8$ K”.

We note that these corrections do not alter the conclusions of the Letter.

We thank Jae Ho Shin and Moses Chan for pointing out these mistakes.
