We recently found two typos in the Letter: 1. The signs of the last two terms in Eq. (2) should be exchanged, i.e., “ $-a_i^\dagger a_j \rho(t) \mp \rho(t) a_j a_i^\dagger$ ” should be “ $\mp a_i^\dagger a_j \rho(t) - \rho(t) a_j a_i^\dagger$,” as were originally given in Refs. [19, 20] in the paper. 2. In the second line after Eq. (13), the minus sign in the equation should be a plus sign, i.e., “ $\omega' = \varepsilon_s - \Sigma(\omega')$ ” should be “ $\omega' = \varepsilon_s + \Sigma(\omega')$.” No results in the Letter are affected by these typos.
