**Erratum: Emergence of Correlated Optics in One-Dimensional Waveguides
for Classical and Quantum Atomic Gases
[Phys. Rev. Lett. 117, 143602 (2016)]**

In the caption of Fig. 1 there is a misprint. The atom densities should be $\rho\lambda = 2$ (dashed line) and $\rho\lambda = 8$ (dotted line). The thickness of the sample $L = 2\lambda$. All other results and all conclusions remain unaffected.
