We report an error in Eq. (4) of our publication. The middle line, defining the state $\tilde{\rho}_1$, should read

$$\tilde{\rho}_1 = \frac{1}{d-1} \sum_{m=1}^{d-1} |\Psi_d^{(m)}\rangle \langle \Psi_d^{(m)}|, \quad (4)$$

where $|\Psi_d^{(m)}\rangle := (1/\sqrt{d}) \sum_j \exp(i2\pi jm/d) |jj\rangle$ is a maximally entangled state with phase factors. The error does not affect any of the results of the paper.

We acknowledge C. Jebarathinam for pointing out the error.
