The last sentence on the first page of the above manuscript (beginning “Our detailed structure calculations . . .”) is missing a reference to the x-ray reflectivity experiment of Cheng *et al.* [1]. Likewise, the following sentence (beginning “A similar density oscillation . . .”) is missing a reference to the Monte Carlo simulations of Park and Sposito [2]. These references were inadvertently deleted during the process of reducing the manuscript to fit within the length constraint of Physical Review Letters.
