Subject Areas: Materials Science, Soft Matter, Statistical Physics

This paper was published online on 30 November 2011 with an error in Table I, a typographical error in the Acknowledgments, and mislabeling and incorrect captioning of video files. In Table I, all instances of “11/6” should read as “11/12”. The first line in the Acknowledgments on page 13 should read as “Authors A. S. Keys and L. O. Hedges contributed equally...”. The video labels and their captions have been adjusted to conform to APS style and format. As a result, Ref. [40] was eliminated and subsequent references were renumbered. The paper has been corrected as of 23 December 2011.
