

**Erratum: Particle-in-cell simulation of x-ray wakefield acceleration  
and betatron radiation in nanotubes  
[Phys. Rev. Accel. Beams **19**, 101004 (2016)]**

In Table I on page 3 and Table II on page 5 in the paper, the unit of plasma density  $n_{\text{tube}}$  should be  $/\text{cm}^3$  instead of  $\text{W}/\text{cm}^3$ , and the tube radius  $\sigma_{\text{tube}}$  should be  $2.5 \text{ nm } (\mu\text{m})$  instead of  $2.5 \text{ nm } (\mu\text{m})/0 \text{ nm } (\mu\text{m})$ . Conclusions are not effected by this change.
